Foreword: College Principal

I am very excited to welcome you into the new academic year. Choosing the Gauteng CET College, you stand to gain much from the rewarding academic and skills curricular experience that the College offers. We have done our best to design programmes that are balanced, meaningful and responsive to the needs of our immediate local communities. These are delivered by our dedicated staff who inspire creativity and innovation to provide our youth and adults with the necessary skills that will enable them to compete in the modern labour market.

The COVID-19 pandemic continues to evolve and disrupt our curriculum implementation, and our priority is to improve resource productivity by strengthening the link between desired outcomes and the effective allocation of resources. Curriculum delivery is moving online on an unprecedented scale and alternative methods of teaching and learning should be put in place. The interruptions we experience will not just be a short-term issue but can also have long-term consequences for all the college activities. The targets we have identified are ambitious but entirely achievable.

In order to meet our high aspirations amidst an increasingly unsafe environment, we should not stagnate, and God being our guide, we must persevere and meet our mandate to drive social change as outlined in our vision statement. Let us then take this exciting, challenging and necessary journey as one.

Regards

Mr CK Wee
Principal

Foreword: Deputy Principal Academic

It is my great pleasure to welcome all new and returning students to Gauteng Community Education and Training College. As a College, our vision is to be an institution of choice, driving social change for adults and out-of-school youth through community education and training programmes.

Our 2021 prospectus outlines programmes offered in our 47 Community Learning Centres and 267 Satellites across Gauteng. Our mandate is to ensure that we elevate the current level of education and training of out-of-school youth and adults by providing them with a second chance and responsive programmes.

We strongly believe that every student has great untapped potential and a desire to succeed in life. It is with this in mind, that we strive for excellence and do our utmost to unleash the potential in each student. Through our Student and Community Support Services, the College offers academic and psychosocial support, as well as career guidance.

Through dedication, hard work, discipline and a positive attitude you can achieve your dream. You deserve the best in life and we hope that you will grab and utilise this opportunity to realise your maximum potential.

We look forward to serving, working with, and providing you with the best academic experience ever.

Regards

Ms Matsie Noge

Deputy Principal Academic Services

College Profile

The Gauteng CET College was established on 1 April 2015 under the auspices of the Department of Higher Education and Training (DHET) in terms of the Continuing Education and Training Act, Act No. 16 of 2006 (as amended). Our purpose is to address the education needs of youth and adults in Gauteng communities who, for various reasons, have not completed their schooling or who have never attended school. We seek to facilitate a cycle of lifelong learning in communities by promoting the development of skills through both academic and skills programmes. These include literacy, numeracy and vocational skills to enhance personal, social, family and employment experiences.

We aim to accomplish these goals by:

- Addressing the injustice of the past;
- Bringing quality education closer to communities;
- Allowing communities to be involved in identifying their needs;
- Offering affordable and relevant programmes to the communities we serve;
- Pursuing excellence and promoting the full realisation of the potential of every student; and
- Responding to the labour needs of the country, labour market and the communities.

The College's Central Office is located at Crownwood Office Park, Block D, 2nd Floor, 100 Northern Parkway, Ormonde. Additionally, the College has 47 Community Learning Centres (CLCs) spread across three metros and two district municipalities in Gauteng, namely:

1. City of Johannesburg Metropolitan Municipality: 16 Community Learning Centres;
2. City of Tshwane Metropolitan Municipality: 12 Community Learning Centres;
3. Ekurhuleni Metropolitan Municipality: 12 Community Learning Centres;
4. Sedibeng District Municipality: 3 Community Learning Centres; and
5. West Rand District Municipality: 4 Community Learning Centres.

A further 267 learning sites (satellites), which are attached to the main Centres, provide easier access for students within their communities, thereby contributing to local development, and building social agency and social cohesion.

Gauteng CET College is your best choice in academic and skills development.
